Former Judo athlete with an ambition to perform on the highest level possible.

Work History

2017-12 - Current

Data Science Manager

Valcon, Utrecht

Program manager for Volker Wessels Telecom (FttX) - Responsible for the design, implementation and sales of a new core information system that facilitates the transition towards a more data-driven organization.

- Identified business needs and sold consulting expertise
- Led projects and analyzed data to identify opportunities for improvement.
- Identified issues, analyzed information and provided solutions to problems.
- Proved successful working within tight deadlines and fast-paced atmosphere.

Education

2013-08 - 2016-08

Bachelor of Science: Science, Business & Innovation

Vrije Universiteit Amsterdam - Amsterdam

Science, Business and Innovation is an interdisciplinary study that focuses on the combination between technologies and the business market. An SBI-student focuses mainly on the innovation trajectory that is in-between these two aspects.

2016-08 - 2018-08

Master of Science: Data Science & Entrepreneurship

Jheronimus Academy of Data Science - 's Hertogenbosch

A joint master by Tilburg University and Eindhoven University of Technology. Focused on using data to develop innovative, value-adding and sustainable business solutions.

Judo

From the age of 4 I could be found in the dojo. Since that time, I have managed to become champion of the Netherlands three times and fifth at the European Championships in 2006.
